The Children’s Lunchbox wants to make sure that food is readily available for anyone that needs it.

Each child (18 or under) in the family will receive two supper meals and two snack meals (children don’t need to be present). Each family will also receive two pantry boxes which provide a shelf-stable meal for a family of four. Individuals can arrive in person, or drive through and grab and-go their pantry boxes.

Locations and times are as follows:
